

DW-HD-601-M30-310

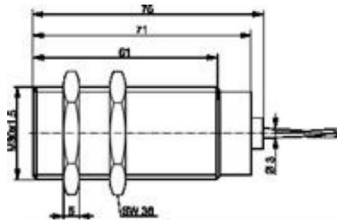

Details

Application Type	High-temperature
Rated operating distance sn	10 mm
Mounting	Embeddable
Hysteresis	≤ 20 % sr (10 % typ.)
Repeat accuracy norm	≤ 5 % sr
Supply voltage range UB	10 ... 30 VDC
Permissible ripple content	≤ 15 % UB
Output current	≤ 150 mA
Voltage drop	≤ 2 V
No-load supply current	≤ 10 mA
Off-state current	≤ 0.1 mA
Switching frequency	≤ 200 Hz
LED	-
Ambient temperature range TA	0 ... +180 °C
Ambient temperature range TA US	+32 ... +350 °F
Temperature drift of sr	≤ 15 %
Short-circuit protection	built-in
Polarity reversal protection	Built-in
Power on reset	-
Degree of protection	IP 67
Housing material	Stainless-steel V2A
Connection	Cable
